The Company has placed a total of 17,687,883 units priced at C$0.12, consisting of one common share and one-half common share purchase warrant exercisable at C$0.20, expiring October 8, 2028 and October 30, 2028. Gross proceeds of the placement are C$2,122,545.

The proceeds of the private placement will be used to fund Bitterroot's share of costs incurred for drilling approximately 10,000 metres in 15-20 holes, plus associated exploration costs, at the 51%-owned LM Nickel-Copper Project in the Upper Peninsula of Michigan and for general working capital. The DoW investment will reimburse 50% of approved exploration and associated costs incurred by the joint venture on the LM Project. The DPA Title III funding is non-dilutive.

Upon 15 days-notice, Bitterroot Resources has the right to accelerate the warrant expiry dates if the 20-day volume weighted average trading price of the common shares on any public stock exchange exceeds C$0.40 per share.

Finders' fees consisting of C$65,316 plus 544,000 broker warrants priced at C$0.20 and expiring October 8, 2028 (first tranche) and October 30, 2028 (second tranche) were paid in connection with the private placement.

Any common shares issued pursuant to this placement or the exercise of associated warrants will be subject to a four-month hold period expiring February 9, 2027 (first tranche) and March 1, 2027 (second tranche).
